#### **CEP TECHNOLOGIES**

#### **MEDI** COMPRESSION

medi compression ensures ultra-precise compression control by incorporating a compression thread into every stitch row of the product to provide targeted compression exactly where it's needed.

#### TIGHTFIT TECHNOLOGY

The TIGHTFIT Technology in the bi-elastic fabric delivers effective compression. Combined with perfect, flat seams, this guarantees unmatched wearing comfort.

#### **CEP CLIMA TECHNOLOGIES**

#### **BEST** CLIMA

A balanced blend of materials for warm and cold temperatures that perfectly adapts to your unique athletic challenge. The use of hydrophilic materials ensures rapid moisture wicking and unmatched wearing comfort. Integrated filament yarns make the fabric extremely durable

#### **COOL** CLIMA

[Ultra]light products by CEP feature a thin fabric with excellent wicking properties so you stay cool and dry. The thinly padded foot section of the socks plays a crucial role in ensuring ultimate comfort and direct contact in close-fitting shoes.

#### **WARM** CLIMA

Merino products by CEP combine the comfortable wearing characteristics of merino wool with the effectiveness of high-quality polyamide fibers. Optimum body temperature, unique moisture management and enhanced durability are the key characteristics of

#### **THERMAL** CLIMA

Thermal Clima technology is designed to keep you warm even in below freezing temperatures. This effect comes from the plush-enhanced inside of our high-quality products, which creates layers of air between the fibers that store heat. The high-tech yarn has excellent moisture

#### **CEP SMART TECHNOLOGIES**

#### SMART CARBON

The carbon-infused yarn gives the socks extreme strength with high elasticity; keeps you cool and is super lightweight.

#### SMART **INFRARED**

Yarns with bioactive minerals reflect the body's own infrared radiation and support natural recovery processes through improved microcirculation.

KNEE SLEEVE

#### **SMART SILICONE**

The special silicone pads provide relief to targeted areas with a deep tissue massage effect. They dynamically adapt to your sequence of motion and are optimized for athletic challenges.

#### SMART **REFLECTIVE**

The eye-catching reflective elements increase visibility and safety when running in the dark. The high-performance fabric reflects light that directly hits the surface of the material.

#### SMART **STRETCH**

The polyamide/spandex blend guarantees a perfect fit and maximum freedom of movement. The fabric wraps around your body for superior wearing comfort.

#### **SMART COOLING**

Moisture wicking with a cooling effect: The fabric absorbs moisture and quickly transports it to the surface, where it evaporates and cools the skin. 56
